

BEECHWOOD SCHOOL

BEECHWOOD SCHOOL

Over 100 years of academic expertise set in 23 acres of parkland at the centre of Tunbridge Wells.

Beechwood is centred on a grand Victoria Mansion built in 1855 and modelled on one of Queen Victoria's residences. Founded in 1915, it has a reputation for supporting its students' individual learning styles in small classes to achieve excellent personal academic outcomes.

The school regularly helps students attain offers from Oxbridge universities as well as other renowned institutions including Edinburgh, Goldsmiths, Bristol and Kings College, London. With a diverse range of university subjects such as Mechanical Engineering, Pharmacology, Forensic Science, Biochemistry, Fashion and Textiles, Art and Politics. In 2021, more than 80% of students achieved A* to B, with 60% receiving A* and A awards at A-Level. GCSE results saw 38% of all examinations graded A*/A or 9/8/7. More than a third of students achieved at least six A*/As with the top performer receiving a grade 9 in seven subjects.

Following its centenary and its acquisition by Alpha Schools in 2020, Beechwood School finds itself underway with a

multi-million-pound investment programme. The word is that Beechwood is most definitely in the ascendency. The development project includes new boarding facilities and Sixth Form areas as well as a stylish atrium complete with glass learning spaces and a roof terrace.

Central aims of Beechwood include fostering independence of thought and equipping students with the values, skills and habits that will help shape their future in a wider world. With this in mind, an extensive programme of significant extracurricular experiences is provided. This includes regular cultural excursions into London and carefully curated overseas trips to places such as Venice.

Beechwood carefully prepares each individual for university interviews and coaches more broadly for their next steps into Higher Education. Positions of responsibility are regularly given to the older students to encourage personal development and ultimately confident independence.
